Roadmap : How Website Work

N O	Screenshoot Progres
1.	<div><h3>Task 1</h3><div><div>Room progress (12%)</div><div>✓ Woop woopl Your answer is correct</div><div>There are two major components that make up a website:</div><div><div>1. Front End (Client-Side) - the way your browser renders a website.</div><div>2. Back End (Server-Side) - a server that processes your request and returns a response.</div></div><div>There are many other processes involved in your browser making a request to a web server, but for now, you just need to understand that you make a request to a server, and it responds with data your browser uses to render information to you.</div><div>Answer the questions below</div><div>What term best describes the component of a web application rendered by your browser?</div><div>Front End</div><div>✓ Correct Answer</div><div>🔍 Hint</div></div></div>
2.	<div><h3>Task 2</h3><div>Answer the questions below</div><div>Let's play with some HTML! First click the "View Site" button inside this task. On the right-hand side, you should see a box that renders HTML - If you enter some HTML into the box and click the green "Render HTML Code" button, it will render your HTML on the page; you should see an image of some cats.</div><div>No answer needed</div><div>✓ Correct Answer</div><div>One of the images on the cat website is broken - fix it, and the image will reveal the hidden text answer!</div><div>HTMLHERO</div><div>✓ Correct Answer</div><div>🔍 Hint</div><div>Add a dog image to the page by adding another img tag () on line 11. The dog image location is img/dog-1.png. What is the text in the dog image?</div><div>DOGHTML</div><div>✓ Correct Answer</div><div>🔍 Hint</div></div> <div><div>✓ Woop woopl Your answer is correct</div><div><pre><!DOCTYPE html> <html> 3 <head> 4 <title>TryHackMe HTML Editor</title> 5 </head> 6 <body> 7 <h1>Cat Website!</h1> 8 <p>See images of all my cats!</p> 9 10 11 12 <!-- Add dog image here --> 13 </body> </html></pre></div><div>Type HTML into the box above, then click the "Render HTML" button to see h</div><div>↓</div><div>Rendered HTML Code</div></div>

	<div><div>Halaman tersemat di static-labs.tryhackme.cloud menyatakan Congratulations!</div><div>Oke</div><div>Whenever you... for security i... should do is... see if you ca... credentials o...</div><div>Answer the questions below</div><div>View the website on this link. What is the password hidden in the source code?</div><div>testpasswd</div><div>✓ Correct Answer</div><div>💡 Hint</div><div>Task 5 <input type="radio"/> HTML Injection</div><div>source c... pressing... at the sa...</div><div>admin</div><div>.....</div><div>Log...</div></div>	
5.	<div><div>Task 5</div><div>View the website on this task and inject HTML so that a malicious link to http://hacker.com is shown.</div><div>HTML_INJ3CTION</div><div>Loading...</div><div>💡 Hint</div><div>How likely are you to recommend this room to others?</div><div>1 2 3 4</div></div>
